INTRODUCTION

R. L. POLK & CO., publishers of the Chico and Oroville City Directories, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this, the 1950 edition of the Chico and Oroville Directory, which also includes a directory of the rural free delivery box holders on routes which are pivotal from the Chico and Oroville Post Offices.

Confidence in the continued growth of Chico and vicinity's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Chico, Oroville and vicinity to the world.

The enviable place occupied by Polk's directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Chico and Oroville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Chico is 23,000, based on the number of individuals' names in the alphabetical section of this directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

Six Major Departments

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE for Chico, pages 15 to 62, and for Oroville opposite page 414, printed on goldenrod paper, contains advertisements of leading manufacturing, business and professional interests of these cities and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community, like the Chico and Oroville district, the necessity of having this kind of information immediately available is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Chico is included in pages 63 to 338, on white paper. A similar list for Oroville is contained in pages 415 to 558.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for Chico covers pages 339 to 414, on pink paper. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character ©, placed immediately after the name of the householder. The symbol ♳ preceding name denotes householders and places of business having telephones. A similar guide for Oroville is contained in pages 559 to 594.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 595 to 664, on white paper. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE RURAL ROUTES DIRECTORY, pages 665 to 784, on white paper, includes the box holders on the rural routes served by the Chico and Oroville Post Offices.

THE NUMERICAL TELEPHONE GUIDE for Chico and Oroville is given in pages 785 to 802, on white paper.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Chico, Oroville and vicinity, for business men, everywhere realize that the city directory represents a community as it really is.

The Chico Directory Library

Through the courtesy of the publishers of the Chico and Oroville Directory, a Directory Library is maintained in the offices of the Chico Chamber of Commerce for free reference by the general public. This is one of the more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

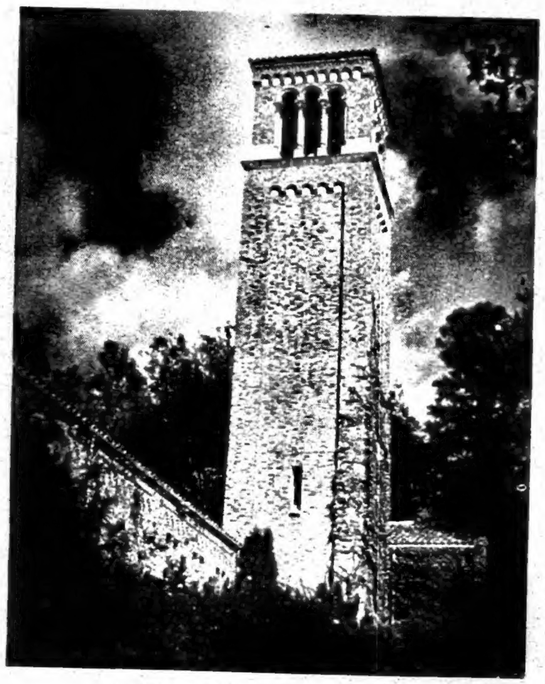
CHICO

"The ideal location for industry in the heart of the Golden Empire"

Chico is located in Sacramento Valley; 100 miles north of Sacramento; 176 miles north of San Francisco on scenic U.S. Highway 99 E. Entrance to Lassen National Park, via Deer Creek Highway. Founded in 1849 by General John Bidwell, California pioneer, congressman and candidate for president in 1892 when he purchased the entire Rancho Chico.

Growth has been rapid, exceeding the average increase of the State in the last decade. Chico is center of rich agricultural district. Annual yield for all crops for 1947 exceeded $46,500,000. According to "SALES MANAGEMENT 1947 SURVEY" Chico's purchasing power is 67% above that of an average community. The figures show that the average Chico family have an average net income of $4,190. This income, which totaled better than $17,000,000 in Chico, was translated in purchases of $22,395,000 in the local retail stores. The excess of sales over income shows that Chico is the trading center for a large surrounding area.

Chico is rapidly becoming industrialized due to the excellent industrial sites available and easy access to 2 railroads, freight lines.



CHICO STATE COLLEGE LIBRARY

Chico State College has an enrollment of more than 1,500 students for the 1949 school term.

With an average mean winter temperature of 45 to 50 degrees and an average mean summer temperature of 70 to 75 degrees, Chico has one of the finest climates in California. The cool nights in summer and the relatively low humidity makes sleeping in the open air a joy the year round. During the warmer weather of July and August, a few minutes' ride into the mountains will bring you to cool camp sites among the pines and excellent trout fishing. Forty-five minutes' driving will take you to the summit and the snow line.

SIR JOSEPH HOOKER OAK

Circumference eight feet above the ground, 28 feet 3 inches; height of tree, 96 feet; spread of north and south branches, 153 feet; diameter of trunk, 10 feet; approximate age, 1,000 years.

WHY A *Buyers' Guide?*

★ *It is customary to include a Buyers' Guide in the City Directory because:*

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

☆

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . *EXTENDED*

POLK'S CHICO Directory of Householders

Occupants of Office Buildings and Other Business Places Including a Complete Street and Avenue Guide

1950

Copyright, 1950, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets compiled following named streets.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ preceding name denotes householders and places of business having telephones.

(This section includes some listings reading "No return." In each case the publishers tried diligently, by various means, to obtain the information for the occupant but were unsuccessful. First, several personal calls were made by an enumerator; next, a double post card was mailed and the telephone used when possible).

Directory of Householders
Occupants of Office Buildings and Other Business Places
Including a Complete
Street and Avenue Guide
1950

Copyright, 1950, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets compiled following named streets.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ preceding name denotes householders and places of business having telephones.

(This section includes some listings reading "No return." In each case the publishers tried diligently, by various means, to obtain the information for the occupant but were unsuccessful. First, several personal calls were made by an enumerator; next, a double post card was mailed and the telephone used when possible).

DIRECTORY PUBLISHERS FOR 750 CITIES

Polk City Directories have been the accepted basis for population listings in hundreds of American cities. These directories, compiled regularly, provide detailed information concerning the name, address, occupation and other important information about all adult residents of a city. In addition to local circulation, Polk cooperates in the maintenance of City Directory Reference Libraries in cities throughout the U.S. and Canada. *The priceless ingredient of a City Directory is the accuracy with which it is made; accuracy is the product of experience; Polk has been compiling City Directories since 1870.*

DIRECT MAIL ADVERTISING FOR LEADING INDUSTRIES

Polk's Direct Mail Advertising Division—one of the world's largest—specializes in high-quality, productive advertising. America's largest industries are Polk's long-time clients. Polk's direct mail advertising is *complete* . . . consultation, research, testing, creating, printing, producing, and distributing to selected prospects. Polk's production plants are geared to handle more than two million mailings daily. Included in its production facilities is the world's largest battery of imprinting presses and the world's largest installation of automatic typewriters. *Polk's direct mail advertising services are dedicated to helping business men produce increased sales volume.*

NATIONAL MAILING LISTS AND MAILING SERVICES

The people of America are in Polk's list files . . . all businesses, trades, professions, and vocations . . . obtained through personal canvass. Polk also lists all automobile and commercial vehicle owners—by make of car or truck, by model, by year, by state, county and city. Mailing lists of one kind or another, totaling more than 60,000,000 names a year, are compiled for Polk clients. Facilities for multigraphing, typing, letter-press or offset printing, questionnaires or letters, and complete addressing, imprinting and mailing services are available. *Polk can reach the right prospects DIRECT, with the right kind of message.*

AUTOMOBILE AND BUSINESS STATISTICAL HEADQUARTERS

Since 1922 Polk has been statistician for the automotive industry. Polk total count of passenger cars, trucks, motorcycles and trailers by make, by year model, is the only annual inventory of the country's automotive equipment. Polk's new car passenger and truck reports furnish manufacturers and dealers with a monthly recapitulation of all sales for each territory . . . The first business census of the U.S. was a Polk project, giving statistics covering the number of manufacturers, wholesalers and retailers for each state, county and town. *Using Polk statistical services American business is able to plan intelligently its production, distribution and sales.*

SURVEYS AND CONSUMER RESEARCH

Fast, accurate research surveys and analyses, based on experience gained through nation-wide home and business canvasses, are provided by the Polk Consumer Research Division.

POLK BANKER'S ENCYCLOPEDIA

Polk's semi-annual directory of the banks of the nation is the outstanding Directory in the banking field. Polk reports on the condition of the nation's banks, their officers and directors, including a detailed statement on each bank, as well as listing investment dealers, stock exchange members, insurance companies, and other general financial data.

By Courtesy Oroville Chamber of Commerce.

OROVILLE DISTRICT

The City of OROVILLE, County Seat of Butte County is the western gateway to the all-year Feather River Highway No. 24 and Fabulous Feather River Recreational region.

LOCATION—472 Highway miles north of Los Angeles. 157 Highway miles northeast of San Francisco. 81 Highway miles north of Sacramento. 153 Highway miles northwest of Reno.

TOPOGRAPHY, CLIMATE, RAINFALL—On the floor of the East edge of the Central Sacramento Valley. Bounded on the East by the foothills of the Sierra Nevada and on the North and West by the Feather River. Valley is flat-rolling agricultural land. Climate is semi-tropical. Summer is tempered by downdraft breezes from mountain passes. Mean annual temperature 61.5° F. Average annual rainfall 27.52 inches. Air currents flowing down the Feather River Canyon dispel fog. Altitude 175 feet.

SOIL—In general a red, gravelly loam, is underlaid in the valley by sand and gravel strata, insuring good drainage. Stony loam in the foothills and mountains.

AGRICULTURE—Practically all major foods are grown in this district. OROVILLE is noted for producing the earliest navel oranges and processing more olives in this area than in any other region in the U. S. Other products are lemons, peaches, figs, prunes, melons, almonds, walnuts, apples, pears, berries, numerous small fruits, rice, wheat, barley, beans, peas and forage crops. U. S. government record shows an average of 256 growing days per year.

STOCK RAISING, DAIRYING, POULTRY—Extensive cattle and sheep raising in the mountains East and North of OROVILLE. Large dairy herds and hogs in the lower valley areas West. Poultry and turkey raising is general throughout the district.

INDUSTRIES — Lumbering; Wood Processing; Wholesale and Retail Trade; Slaughter House and Meat Packers; Olive Processing; Olive Packing; Dairies; Poultry Producing and Egg-Marketing; Canneries; Western Pacific Railroad Shops; Mining; Henry J. Kaiser Rock Crushing Plant; Truck Trailer & Equipment Manufacturer; Olive Oil Plants; Wineries; Fruit Packing; Citrus Grower's Association; Olive Grower's Co-operative Plant; Brick Manufacturing.

PUBLIC UTILITIES—Pacific Gas and Electric Company supplies natural gas and electricity; California Water Service, domestic water; Pacific Telephone and Telegraph Company—4,000 installations; Oroville-Wyandotte Irrigation District, Thermalito Irrigation District deliver both irrigation and domestic water from the mountain sources of the Feather River and its branches to serve 6895.14 acres tributary to OROVILLE.

SEWAGE DISPOSAL—Area within the corporated limits and the district south of the city are served by sanitary sewer in conjunction with disposal plants.

MOSQUITO CONTROL—Abatement District supported by county taxation.

MEDICAL SERVICE—14 Physicians; 10 Dentists; 3 Optometrists; 1 Oculist; 4 Chiropractors; 1 Osteopath; 2 Hospitals (Butte County Hospital and Oroville-Curran Hospital); 3 Rest Homes; 1 Clinic.

RECREATION—Municipal Auditorium, located in the center of the business district and available for all types of recreational functions. Two theatres, air-conditioned; 3 municipal parks—the most extensive "Bedrock" along the Feather River with life guard service and bath houses. Bidwell Bar State Park, 9 miles from OROVILLE, picnic grounds, swimming. 4 athletic Fields; night Baseball Games during the summer; Municipal Tennis Courts; City Recreation Director; Municipal Scout Building; OROVILLE has one of the finest smooth water motor-boat courses in Northern California. 600 miles of trout fishing streams empty into the Feather River, forming the North and West boundaries of OROVILLE. Winter sports are available in the timbered mountains within 30 miles of OROVILLE.

UNLIMITED OPPORTUNITIES exist in the OROVILLE area for further development, many of our Resources being practically untouched. Enterprise and some capital is offered a broad field for their activities. The poultry industry, recently established on a commercial basis, is growing rapidly as a result of the establishment of an Egg-marketing plan. Much remains to be done in similar enterprises. Industrial sites are abundant and obtainable at reasonable prices, and in the near future there will be a surplus of electric energy available to meet any new industrial growth.

TOPOGRAPHY, CLIMATE, RAINFALL—On the floor of the East edge of the Central Sacramento Valley. Bounded on the East by the foothills of the Sierra Nevada and on the North and West by the Feather River. Valley is flat-rolling agricultural land. Climate is semi-tropical. Summer is tempered by downdraft breezes from mountain passes. Mean annual temperature 61.5° F. Average annual rainfall 27.52 inches. Air currents flowing down the Feather River Canyon dispel fog. Altitude 175 feet.

SOIL—In general a red, gravelly loam, is underlaid in the valley by sand and gravel strata, insuring good drainage. Stony loam in the foothills and mountains.

AGRICULTURE—Practically all major foods are grown in this district. OROVILLE is noted for producing the earliest navel oranges and processing more olives in this area than in any other region in the U. S. Other products are lemons, peaches, figs, prunes, melons, almonds, walnuts, apples, pears, berries, numerous small fruits, rice, wheat, barley, beans, peas and forage crops. U. S. government record shows an average of 256 growing days per year.

STOCK RAISING, DAIRYING, POULTRY—Extensive cattle and sheep raising in the mountains East and North of OROVILLE. Large dairy herds and hogs in the lower valley areas West. Poultry and turkey raising is general throughout the district.

INDUSTRIES — Lumbering; Wood Processing; Wholesale and Retail Trade; Slaughter House and Meat Packers; Olive Processing; Olive Packing; Dairies; Poultry Producing and Egg-Marketing; Canneries; Western Pacific Railroad Shops; Mining; Henry J. Kaiser Rock Crushing Plant; Truck Trailer & Equipment Manufacturer; Olive Oil Plants; Wineries; Fruit Packing; Citrus Grower's Association; Olive Grower's Co-operative Plant; Brick Manufacturing.

PUBLIC UTILITIES—Pacific Gas and Electric Company supplies natural gas and electricity; California Water Service, domestic water; Pacific Telephone and Telegraph Company—4,000 installations; Oroville-Wyandotte Irrigation District, Thermalito Irrigation District deliver both irrigation and domestic water from the mountain sources of the Feather River and its branches to serve 6895.14 acres tributary to OROVILLE.

SEWAGE DISPOSAL—Area within the corporated limits and the district south of the city are served by sanitary sewer in conjunction with disposal plants.

MOSQUITO CONTROL—Abatement District supported by county taxation.

MEDICAL SERVICE—14 Physicians; 10 Dentists; 3 Optometrists; 1 Oculist; 4 Chiropractors; 1 Osteopath; 2 Hospitals (Butte County Hospital and Oroville-Curran Hospital); 3 Rest Homes; 1 Clinic.

RECREATION—Municipal Auditorium, located in the center of the business district and available for all types of recreational functions. Two theatres, air-conditioned; 3 municipal parks—the most extensive "Bedrock" along the Feather River with life guard service and bath houses. Bidwell Bar State Park, 9 miles from OROVILLE, picnic grounds, swimming. 4 athletic Fields; night Baseball Games during the summer; Municipal Tennis Courts; City Recreation Director; Municipal Scout Building; OROVILLE has one of the finest smooth water motor-boat courses in Northern California. 600 miles of trout fishing streams empty into the Feather River, forming the North and West boundaries of OROVILLE. Winter sports are available in the timbered mountains within 30 miles of OROVILLE.

UNLIMITED OPPORTUNITIES exist in the OROVILLE area for further development, many of our Resources being practically untouched. Enterprise and some capital is offered a broad field for their activities. The poultry industry, recently established on a commercial basis, is growing rapidly as a result of the establishment of an Egg-marketing plan. Much remains to be done in similar enterprises. Industrial sites are abundant and obtainable at reasonable prices, and in the near future there will be a surplus of electric energy available to meet any new industrial growth.

HOW TO USE THIS DIRECTORY

To get the most good from this Directory you must know what it contains and how to use it.

You can not get this knowledge by glancing hastily through the book, and assuming that your mind grasps a full idea of its contents from the name.

Read the Title Page, front of Book, and glance over the Index.

Directory of Householders

Occupants of Office Buildings and Other Business Places
Including a Complete
Street and Avenue Guide

1950

Copyright, 1950, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

Numerical streets are compiled following the Named Streets.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ preceding name denotes householders and places of business having telephones.

(This section includes some listings reading "No return." In each case the publishers tried diligently, by various means, to obtain the information for the occupant but were unsuccessful. First, several personal calls were made by an enumerator; next, a double post card was mailed and the telephone used when possible).

Names Appearing in Bold Type . . .

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress.

They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made.

The publishers are honored in thus making them better known to the public.

Common Sense About City Directory Circulation . . .

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore —

1000 x 3½ x 305 = 1,067,500

The City Directory . . .

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions, recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305 = 1,067,500

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.
